THE VISION & STRATEGIC DIRECTIONS

THE VISION

Canada is home to a competitive, sustainable and responsible minerals industry that benefits all Canadians.

The country is a global leader in mining-related science, technology, social and environmental practices with a clear and predictable regulatory environment, innovative clean technology solutions, and best management practices.

It boasts a skilled and diverse workforce, an attractive investment climate, partnerships with Indigenous Peoples, and strong relations with communities.

Canada's business and innovation environment for the minerals sector is the world's most competitive and most attractive for investment
